MEMORANDUM FOR: Director of Security

FROM: [redacted] STAT

Deputy Director for Community Affairs

SUBJECT: APEX Nondisclosure Agreements

1. [redacted] announced at the 23 June 1980 STAT
meeting of the APEX Steering Group that CIA's Office of
Security has offered as a service of common concern to
store APEX nondisclosure agreements for participating
departments and agencies.

2. On hearing this I made it clear that such an offer STAT
was in the sense of a repository storage and not an active
file. It was acknowledged that should the nondisclosure
agreement be required for legal enforcement of its provisions,
the Office of Security, CIA would be able to recover and
make the document available in a reasonable time.

3. For your information, [redacted] estimates
that there will be approximately 200,000 APEX agreements
for filing shortly after the implementation of APEX in early
1981, and additional inputs thereafter at the rate of
approximately 10,000 or less per year.

4. By copy of this memorandum the DD/D&M is being
informed since it is assumed that OS Security Records
Division would be the selected action office.
